#### **b. COTF's Pandemic Related Awards:**

The COTF Board of Directors recognizes that many occupational therapists and occupational therapy students are struggling these days due to COVID-19, as the impact could be direct or indirect. To support the pandemic related awards, the COTF Board of Directors would like to challenge others to do the same. Funds received will be directed to the awards. Please click on the link: [www.cotfcanada.org](http://www.cotfcanada.org) Thank you for your support!

Stay tuned for more information on the amount and number of the research grants, education grants and student bursaries. COTF's goal is to launch the awards program in August, with an application deadline of October 1. Researchers and educators, start to think about the impact of COVID-19 on occupational therapy practice and teaching as well as how funding from COTF could be used to support it.

### Thank You to CAOT!

COTF would like to thank CAOT for generously supporting COTF. CAOT contributed \$5 per member during this fiscal year.

CAOT also helped COTF with fundraising by requesting a minimum \$25 donation for those who listened to Karen Whalley Hammel's presentation during CAOT's virtual conference. The link is still active on CAOT's store: <https://caot.ca/client/product2/927/item.html> for those who want to make a donation to COTF.

COTF appreciates the opportunity to work with CAOT to advance the profession of occupational therapy. Thank you CAOT!
